

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

What roles do you play?

48 responses

What region are you from?

48 responses

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

<https://ghhin.org/>

What are the most important things that would make your work easier and more effective?

1. Expanded interdisciplinary network of heat related practitioners and researchers
2. Greater access to project funding
3. Greater opportunities to become part of collaborative projects or meet others to partner with
4. More useful information and decision-tools (e.g. forecasts, maps, tailored software)
5. Stronger government mandate to specifically manage heat risks

MEMBER SURVEY – INITIAL COUTCOMES (N=48)

Are the Strategic Priorities for GHHIN the right ones?

Are the Strategic Priorities for GHHIN the right ones? (Vision: The Global Heat Health Information Network will improve the capacity of governments, organizations, and professionals to protect populations from the avoidable health risks of extreme ambient heat.)

48 responses

- Yes
- No
- Research seems disconnected from this priority.
- Public outreach should also be part of the vision, both to help them and strengthen the roles of facilitators.
- not yet met but we are on the way

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

What do you think the Network should focus on?
(Average Scores)

4.45

- Creating opportunities for networking and information exchange across decision makers, scientists and practitioners etc...

4.26

- Raising awareness of governments and donors of problems and solutions

4.26

- Translating and synthesizing evidence into actionable guidance

4.23

- Promoting the generation of evidence of effectiveness of actions and interventions

4.06

- Building training and research capacity

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

<https://ghhin.org/>

What 3 “services” would be the most important for the Network provide to its members

1. Synthesis Report that identifies research and operational gaps and needs, best practices for interventions and forecasts, capacity and training needs
2. Online knowledge sharing platform
3. Evidence Reviews and Inventories of Good Practice

MEMBER SURVEY – INITIAL COUTCOMES (N=48)

<https://ghin.org/>

If an online platform existed, what would be the 3 most important features you would look for?

1. Guidance and resources
2. Synthesis of new findings and studies
3. Inventory of effective interventions

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

What are your top motivations for engagement in GHHIN?

1. Opportunity to connect with those in other fields
2. Ability to keep up with the latest science and innovations
3. Opportunity to connect with others in your field

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

Attending the Forum allowed you to...
(percent who agreed)

MEMBER SURVEY – INITIAL COOUTCOMES (N=48)

What would be the most useful level of connecting to others?

65%

- With countries/contexts similar to your own in other world regions

56%

- Globally

29%

- Within your own region

13%

- Within your own country
