

2ND GLOBAL FORUM ON HEAT AND HEALTH

HEAT-HEALTHY CITIES AND WORKPLACES

28-31 JULY 2020 / COPENHAGEN, DENMARK

PROTECT CITIES AND WORKERS FROM EXTREME HEAT IN A RAPIDLY WARMING WORLD.

The biannual Heat Health Forum is an international multi-stakeholder platform that helps build community and accelerate evidence-based actions to address extreme heat risks. In Copenhagen, our global network of multidisciplinary experts will identify and explore high-impact opportunities to protect workers and cities from the health impacts of extreme heat. Register now: www.ghin.org/forum2020 / #HeatHealth2020

AGENDA AT A GLANCE (DRAFT 4/9/19)

TUESDAY 28 JULY

morning TBD
Registration

morning TBD
Opening Remarks

morning TBD
Keynote Presentations:
Heat in Cities and the Workplace

morning TBD
Scene Setting

Network ambitions and progress
Network achievements and highlights
Logistics and Overview of Conference

afternoon TBD
World Tour: Regional Updates

afternoon TBD
Focused Parallel Sessions

1. Solutions for heat in the city
2. Solutions for heat at work

Evening TBD
Conference Welcome Event:
Dining, cocktails and
innovative design forum

WEDNESDAY 29 JULY

TECHNICAL SESSIONS

morning TBD
Technical Parallel Sessions: Advances,
Innovations, and Learning in heat health

1. Partnerships and capacity building
2. Data, science, and research
3. Climate and weather information for action

Session ctd.

afternoon TBD
Technical Parallel Sessions ctd.

4. Interventions and actions
5. Communications and outreach

Evening TBD
Poster and Social Event
presented by Heat Shield

THURSDAY 30 JULY

HEAT SOLUTIONS STATIONS

morning TBD
Master Classes 1

- a. Setting epidemiological thresholds and making impact-based warnings
- b. Developing a communications toolkit for a national heat awareness day
- c. Shaping and influencing local policy

morning TBD
Master Classes 2

- a. Conducting heat vulnerability assessments
- b. Making Heat Health Action Plans successful
- c. Measuring heat impacts, options for improving surveillance

afternoon TBD
Heat Action Labs

afternoon TBD
Plans, Commitments
and Forum closing

FRIDAY 31 JULY

ENGAGEMENT DAY

morning TBD
Action Labs: Scientific and
Green-solution Tour

Engage, explore and discuss innovative heat health projects in one of several site visits. Visit itineraries and sign up will be available during registration and throughout the Forum.

afternoon TBD
Cool City Demo Walk

Join us for a guided walking tour through Copenhagen, where we will hear from local leaders and partners on how they are creating a net-zero and green, cool, and sustainable city. En route we will measure temperature/thermal stress and AQ parameters.

afternoon TBD
Public Lecture and Panel Discussion

Video updates from cool city walks around the world will be shared as part of a public lecture and panel discussion on creating cool and safe cities and workplaces.

Global Heat Health Information Network

The Global Heat Health Information Network is an independent, voluntary, and member-driven forum of scientists, practitioners, and policy makers focused on improving capacity to protect populations from the avoidable health risks of extreme heat in a changing climate.

Its members represent diverse technical domains and all populated continents. The network is spearheaded by the World Health Organization (WHO) and World Meteorological Organization (WMO) Joint Office for Climate and Health and the United States National Oceanic and Atmospheric Administration (NOAA).
